

I Like I Wish I Wonder

Source: Improv for Humanity, Oxford, 2016

What is it for?

A group reflection/sharing activity.

What to do

Stand in a circle.

Instruct participants that anyone can step forward and say something about their experience so far, based on what they have liked, what they wish for, or what they are wondering.

Anything else?

If other participants agree with what has been said, they can also step forward.
